

SPORIFY Bulletin: User Group Meeting

Dear Customer,

We are looking forward to seeing you at the upcoming virtual SPORIFY User Group Meeting which will be held on March 23 from 15:00 to 16:30 CET.

The meeting will begin with a short introduction from SPORIFY's co-founder and managing director Gary Wilson. Gary will then speak about the upcoming SPORIFY 22.1 release and introduce you to some of the updates it contains.

We are excited to announce that our guest speaker for this user group meeting will be Patrick Middag of BMS. Patrick is the industry deputy co-chair of the SPOR Task Force. He also sits on the SPOR Key User Group and represents EFPIA in the IDMP Inter-Association Group. Patrick has a wealth of IDMP knowledge and will discuss the vision, goals, and critical success factors for the implementation of SPOR/DADI in the EU, as well as provide some useful insights and use cases.

After Patrick's presentation, there will be a short Q&A. Then, Gary will outline the SPORIFY release roadmap for the rest of 2022 and we will have a general SPORIFY Q&A session, where attendees can ask any questions they may have about SPORIFY or any of the topics discussed.

Agenda

- Introduction (5 Mins)
- SPORIFY Update (25 Mins)
- Guest Speaker: Patrick Middag BMS (25 mins)
- Q&A session (5 mins)
