SPORIFY
Newsletter
March 2024

Dear $[FNAME|Customer|Guest]$,

As the first quarter of 2024 draws to a close, we are pleased to bring you the first SPORIFY newsletter of the year, in which we discuss all of the latest news, reflect on the successes of the past three months, and look forward to what is next for SPORIFY.

News & Reflections

The start of 2024 has been a busy time for SPORIFY. One of the highlights of the year so far was our attendance at DIA's Regulatory Submissions, Information, and Document Management Forum in North Bethesda last month. At this event, we gained valuable insights from a range of regulatory and industry leaders about current developments in the world of regulatory information management.

New Release

We are excited to announce that SPORIFY 23.1.3 is due for release on May 4 on the Validation Environment, and June 15 on the Production Environment. This release contains enhancements to Data Governance, Mapping, Bulk Update Actions, Security, and Performance, as well as various bug fixes for reported issues. To learn more about the upcoming SPORIFY release, click on the button below.

Upcoming Events

SPORIFY's Gary Wilson will be attending Breakthrough 2024 in London from March 19-20. This year's event, which brings together regulatory authorities, pharmaceutical leaders, and industry experts, focuses on the transformation and benefits of Intelligent Automation. With more than 25 fascinating guest speakers on the bill, Breakthrough 2024 is not to be missed.

If you would like to meet with Gary at this event, please email us at info@sporify.eu. To sign up for Breakthrough 2024, click on the button below. We hope to see you there!
