

# SPORIFY 22.3 Is Coming!

Dear Customer,

We are happy to announce that SPORIFY 22.3 is due to be released on the weekend of October 1st and 2nd. This iteration of SPORIFY will see the introduction of various highly-anticipated new features and enhancements, all of which are listed below.

## Referentials

- **RMS History Comparison Page**
  - Compare current and previous versions of RMS records archived by SPORIFY
- **RMS Change Requests (Read Only)**
  - Automatically synchronise, archive and view all RMS change requests submitted by your users\*
- **Enhanced Export**
  - New export option to include full SPOR dataset in our RMS export file

## Organisations

- **OMS Change Requests (Read Only)**
  - Automatically synchronise, archive and view all OMS change requests submitted by your users\*

## Substances

- **Performance Improvements**

## Administration

- **Security**
  - Session Idle Timeouts
  - Password History
  - Password Expiry
- **Authentication Logs**
  - Review all authentication requests to your organisation

## Other

- **Target Activity Search Enhancement**
  - Includes historical versions of RMS and OMS records
- **System Performance Improvements**
- **Database Enhancements**
- **Security Patching**
- **New Documentation Website**

We will be hosting a webinar on September 21st at 4pm CET/10am EST to demonstrate SPORIFY 22.3's new features. To sign up, simply click on the button below. We hope to see you there!
