

We are writing to remind you to register for our upcoming **SPORIFY 2026.2 Webinar** if you have not already done so.

This event is the first edition of our new presentation format, where we introduce new features that will be included in scheduled SPORIFY releases. This session, which is being held on **Wednesday, September 16** at **14:00 UTC**, will cover the 2026.2 release.

We highly recommend attending this event as part of your preparations for the SPORIFY 2026.2 release. Not only will attendees enjoy a detailed walkthrough of the new features that will be introduced, but they will also have the opportunity to ask any questions they may have.

During this webinar, the following features will be discussed:

- Extension of the Product Module
- Enrichment of Veeva With PMS IDs
- Enablement of Customer Facing Product API for 3rd Party Integration
- Introduction of Insights into New Products
- Uploading of Products Via Excel
- Addition of Product Matching on MA Numbers
- Enhancement of the Product Comparison Feature.

To access the registration page, simply click on the button below. We look forward to seeing you there!
