

Customer Information: Release Notes

Want to know what's next for SPORIFY? Now you can find out at a glance.

We've added a **Roadmap** to the [Release Notes](#) page, giving you visibility into upcoming releases — key dates, functional enhancements, and non-functional improvements, all in one place.

We've also included a **preview of SPORIFY 2026.2**, so you can see what features are coming in the next release before the detailed release notes are published.

Both the roadmap and the next-release preview will now be a standard part of every Release Notes update going forward, so you'll always have a clear picture of what's ahead.

If you have any questions, we're happy to help — just reach out anytime.

Kind regards,

The logo for SPORIFY, featuring the word "SPORIFY" in a bold, sans-serif font. The "S" and "P" are blue, while the "O" is a stylized blue circle with a white arrow pointing clockwise. The "RIFY" is in a dark grey color.
