2026.1 Release & Downtime Notice

We hope this email finds you well. We're excited to let you know that **SPORIFY 2026.1** is on its way, bringing new features and improvements to your Production environment.

New SPORIFY Version

The upcoming release includes a number of enhancements designed to improve your experience with SPORIFY. For more information, please see our Release Notes.

To deploy this new version, a scheduled downtime is required — details below.

Downtime Details

The downtime details are as follows:

- **Date:** 25 July 2026
- **Downtime Window:** 09:00 AM IST (03:30 AM GMT) to 06:00 PM IST (12:30 PM GMT)
- **Expected Duration:** 9 hours

During the downtime window, the Production system will be **temporarily unavailable**, so we recommend planning your activities accordingly to avoid any disruption.

Once the downtime is complete, you'll have full access to SPORIFY 2026.1 and all its new features.

We appreciate your understanding and continued support.

Kind regards,

SPORIFY
